

We Think *Inside* the Box
 (The NEMA Box)

Bolted Pressure & Pullout Switches
 Open, Enclosed and Custom Switches.

Equipment Overvoltage Protection
 Protects from lightning, transients & electromagnetic interference.

DIN Rail & PCB Mounted Terminals
 Screw and Push-In Style

DC Power Supplies & DC UPS's

- Single and Three phase DC Power Supplies
- DC/DC Converter, DC UPS
- Redundant Power Supplies
- Small Size, High Effcy, Wide Temp. Range

Signal Conditioning & Communication Interfaces
 Making signal conditioning smarter and simpler. We are the interface between your process measurement points and your control system, securing the integrity of your analog and digital signals.

Machine Safety Products

- Safety Interlocks, Light Curtains & Mats
- Emergency Wire Pull Switches
- Programmable Safety Controls & Relays
- Explosion Protection Interlocks

Load Break Disconnects, Meters, Power Conversion

- Non Fusible UL508 and UL98, 16A - 1200A
- Fusible from 30A - 800A
- Manual and Motorized XFR Switches
- Single and Multi Circuit Metering

Motor Protection and Control

- Manual & Magnetic Motor Starters
- Softstarters up to 1400HP
- Pilot Devices, Signal Towers & Horns
- Relays and Timers & Circuit Protection

Non-Metallic Electrical & Instrumentation Enclosures

- Custom Holes, Components and Printing
- Fiberglass
- Polycarbonate
- PVC

Temperature Control Solutions for Control Panels
 Air Conditioners, 1,000 - 20,000 BTU, NEMA 12/4/4X, Class 1 DIV 2
 Air to Air Heat Exchangers, Fans and Filters
